Topic-<u>Young people</u>

Action	Action
AKT Nathan presented the broad work of AKT.	Nick to share report with the minutes
In brief summary AKT are a service that support LQBTQi+ young people [16- 25] experiencing homelessness or living in unsafe homes. They provide	
 Advice and case work Access to emergency short term accommodation- akin to a refuge Education and training Training professionals Empowering those in need Collating research. 	
Nathan also presented a case study of a young person who the service had worked with who had experienced multiple abuses and difficulties. He explained that over the last year there has been an increase in referrals/presentations and especially an increase from younger females.	
Barrier caused by professional who do not understand or are hostile towards those who identify as LGBTQi+ remain a constant challenge. In addition, the homeworking of family members and lack of safe places [like school] has led to more difficulty safely communicating with those in need.	
Further details and referral details for AKT can be found at <u>https://www.akt.org.uk/what-we-do</u> .	
AKT have recently published a 2021 LQBTQ+ Youth homelessness report which can be found online	
The presentation was followed by discussion around inclusion and training needs for professionals. We also touched upon the power of training, making a complaint and escalating concerns.	
Colleagues all agreed that one should not need to find a housing officer who identifies as LGBTQi+ to get a service where young people are not discriminated against or misgendered as is presently often the case.	

Emma presented the work of the New Horizons Youth centre, who are a service for 16-24-year olds who are homeless or threatened with homelessness. There work is wide reaching and includesNick to circulate presentation- Day centre - Outreach service [streets, community and prisons] - Case work, counselling, education and guidance in all aspect of life - Research and influencing change - Multi service approach as part of the London Youth Gateway [also including AKT]Nick to circulate presentationEmma presented some stark figures which can be seen in the presentation circulated with these minutes. As are the referral formsNick to circulate presentationMASH Mawuli presented the work of the MASH and family front door service, explaining the work of local authority in working with young people, especially when faced with homelessness. We discussed - The role of services and what they intend to do - The role of the crash pad and when this is used - The role of the crash pad and when this is used - The role of the Accelerated support teamNick to circulate presentation documentsInformation will be shared with the minutes for each of these. Questions were asked about the crash pad and its capacity and Mawuli explained that were a need is evident capacity of the crash pad should not be the concern- an offer will be found were need is.Nick to circulate presentation.Young Roots Dan spoke to us about the work of Young Roots who are a small charitable service that work in several borough with Young refugees and Asylum seekers.  incorrect age assessment impact the lives of those who they work with and the level of trauma caused. Due to the large number of people seeking asylum who have been placed in Brent hotels recently the service has been overwhelmed and do not have the capacity to support all, despite a great want to do so. When asked what could be done to support the service and those in need Dan noted the need for volunteers, case workers and mental health practitioners. 	
 Homeless link Lauren presented the guidance paper that was cocreated by Homeless Link and Just for Kids Law, which illustrates best practice on working with 16-17- year olds. The presentation and the document will be shared with the minutes of this meeting. The guidance has some clear explanation on the different routes for this cohort re making homelessness applications and the outcomes that these routes lead to. 	Nick to circulate presentation and document link.
 AOB and next session Discussion around access to PRS for young people and we discussed the changes in the benefit cap. Emma will also share some information in potential routes to access rent deposit schemes. Next meeting theme is NRPF. Likely end of July.
