

# About Crisis

Crisis is the national charity for people experiencing homelessness.

Crisis works at Christmas and all year round to support people across Britain to build their lives beyond homelessness.

Crisis' Christmas services work alongside the specialist support it provides all year, which includes helping people to find their own stable home and develop their skills and confidence in order to rebuild their lives.

This Christmas, Crisis will be supporting over 6,000 people experiencing homelessness, providing food, advice and support to leave homelessness behind for good.

**Your support will help people build their lives beyond homelessness. Thank you.**
